Lots of Foot Ball in Wheeling on Thanksgiving Day.

## THE WHEELING ATHLETIC CLUB

Will Present a Strong Team Against the Vigilants at Irwin Park—The Bowlers Finally Lose a Game—The Races at St. Asaph—Entries for Today's Races—Other Late News in Sporting and Athletic Circles.

Wheeling and vicinity will see lots of foot ball on Thursday of next week—Thanksgiving Day. In addition to the game to be played in Martin's Ferry in which the all-Pittsburgh team, composed of the best men of the P. A. C. and A. A. A. teams, will contest with the Y. M. C. A. team of Martin's Ferry, there will be a game at Irwin ball park, on the South Side, in which the contesting teams will be perhaps the strongest that have ever fought in this vicinity.

The Wheeling Athletic Club's team will play the Vigilants, of Martin's Ferry. The latter team, as is well known, is fully as strong as any team in this vicinity, and that the over-the-river combination will more than meet its match is among the very probable probabilities. Last year's W. A. C. team was very light, and was an easy victim for any second rate team, but the crowd that will line up Thursday of next week is not one that will pose as an easy victim for anybody. In addition to the four or five players of last year's team who were considered to be heavy enough for the team, the management has secured the services of two iron workers of the South Side, who dallied with the pig-skin across the big pond in days gone by, and have lost none of their cunning in playing the game. Then, in addition, several college players from Washington-Jefferson college will don Wheeling uniforms on this occasion. There is no doubt that the game will be one of the finest ever seen here. The umpire will call "play" at 3 p. m.

## Bowling Notes.

In the Wheeling league this evening the La Belle and Lotus teams will play at Wheeling Park.

The postponed Pen and Pencil Wheeling games will be played at Seibert's Friday evening.

New balls and pins have been put in at the Musee alleys. "Charley" Seibert has also put in a lot of new balls.

The postponed game of The Bowlers and LaBelle team of the Wheeling league, will be played Thursday night, at the Wheeling Park alleys. It will be an important one, as both clubs are leaders in the race for the first series championship.

The John Finnegan bowling club bowled at Fette's alleys, on the South Side, last night, and piled up several large scores. To-night at these alleys the Hustlers and Harvest teams of the South Side league, will play two championship games.

Mr. E. M. Stettler, proprietor of the Musee, alleys has a scheme that will do away with umpires in league games. He proposes to have a line stretched across the alleys at the sixty-foot line and whenever a foul ball is delivered the player's hand or arm will strike the line which will ring an electric bell. He thinks of proposing that this system be adopted by the Wheeling Bowling League.

## New Western Ball League.

Chicago, Nov. 20.—In the Western League convention to-day Chicago had no show for the vacancy made by the ousting of the Sioux City club. The

adjoined meeting of the league was held at the Tremont house and St. Paul was admitted, the franchise going to Charles Comiskey, the former captain of the Cincinnati Reds. There were three applications for the franchise. Chicago made no claim for the vacancy. The business of the old league was wound up at the meeting. At noon to-morrow the reorganized league, with St. Paul, will hold its meeting and the schedule outlined for the coming season.

## IS THINKING IT OVER.

Backenberger Not Yet Decided What He'll Do About That Suspension.

A. C. Buckenberger, ex-manager of the local base ball team, had little to say yesterday regarding his suspension by the twelve-club league. He said to the writer:

"I have not definitely made up my mind as to what course I'll pursue. I am told that I have a good case against the league for conspiracy, but I will wait until I see Mr. Hart, who will be in the city this week. He is one of the gentlemen who issued the manifesto, and he has Gumbert's case to fight against this week. All that I now say is that I have been unjustly dealt with by the league, and when the representatives hear my side of it they will think as I do."

President Kerr, of the local club said: "I never said a word against Mr. Buckenberger while in New York, and I had left for home when the new association was discussed. As far as I know the league committee desires to hear what Mr. Buckenberger has to say. The league is a partnership, and its members mean to protect themselves. That's how I understand the matter."

The league ought really to hear Mr. Buckenberger's side of the case at once, as at this season of the year time is very precious to people who are seeking base ball employment.

## Sporting Briefs.

The third of the skating races between Dunlap and Benter, will occur to-night, at the North End rink.

The Bethany college foot ball team, which has made a good record this season, will tag for the championship with the Martin's Ferry Y. M. C. A. eleven, at Martin's Ferry Saturday afternoon.

T. C. Nicholson, the well known Belaire ball player, who refused to sign with the Chicago club at the close of the season, had a conference with the manager of the Washington club yesterday, and although he has not yet signed, he may play with that club next season.

Th. Gjersten, the full-back of the Martin's Ferry Y. M. C. A. foot ball team, had his nose badly bumped last evening while practicing with the team on the association grounds at Martin's Ferry. He tackled William Speck, one of the guards, five times successfully and in tackling him the sixth time fell to the ground with terrific force, his face striking first and Speck falling on top of him. He was unconscious for a few minutes. He is not seriously hurt and will be out in a day or two.

## THE CATHEDRAL MISSION.

The Church Crowded at Every Service Since Sunday.

The mission services at the Cathedral, conducted by Paulist fathers from New York, are so well attended nightly that not only is every seat filled but it has been necessary at every service so far to place camp chairs in the aisles. This week the services are exclusively for ladies, and next week they will be for men only; otherwise the large edifice would not hold half the congregation. The fathers already named in the INTELLIGENCER have been reinforced by the arrival of their superior, Rev. Father Clark, a convert to Catholicism from the Episcopal church, who is said to be a very fine pulpit orator. A feature of the mission will be two sermons on temperance on this evening and one for men especially next week.

## Wesley M. E. Church.

The special services being held at Wesley M. E. church under the auspices of the Epworth League, are of a very interesting nature. On Monday evening Rev. Mr. Denton, of Benwood, gave an earnest talk on "The Epworth League Pledge," and all who heard him went away feeling that the opportunities given to the young people in the Epworth League work ought to inspire all to greater efforts. Last night Rev. Mr. Johnson, of North Street M. E. church,

## MALARIAL POISON

Results from atmospheric conditions, unclean premises, imperfect ventilation and more frequently from the deadly SEWER GAS. A general rundown and impoverished condition of the blood ensues, and if not corrected, Catarrh, Bronchitis, and even Consumption may be the result. S. S. S. promptly corrects all these evil effects.

Mr. J. A. Rice, Ottawa, Kan., writes: "For three years I was troubled with malaria, which caused my appetite to fail, and I was so reduced in flesh, that life lost its charms. I tried mercurial and other remedies, but could get no relief. I then decided to try S. S. S. A few bottles of this wonderful medicine made a complete and permanent cure, and I now enjoy better health than ever."

Our Treatise on Blood and Skin Diseases mailed free to any address. SWIFT SPECIFIC CO., Atlanta, Ga.

preached an eloquent sermon from the text, "Lord, What Wouldst Thou Have Me to Do?" to a large and appreciative audience. A feature of the meetings is the singing, under the direction of the fourth department of the League. There was a consecration service at the close.

## St. Andrews Mission.

Rev. Dr. Robert S. Barrett is conducting services every evening this week at St. Andrews Mission chapel, corner of Forty-first and Jacob streets. Last night the vested choir of St. Matthew's church sang, making a very attractive feature of the services. Dr. Barrett is an eloquent and forceful orator, and his discourses are listened to nightly by large congregations.

## A False Diagnosis.

La Grippe is confounded by many persons with a severe attack of catarrh, which in some respects resembles the former. These individuals suffer severely with pain about the forehead, eyes and ears, with soreness in throat and stoppage of the nasal passages, and in fact, are incapacitated for work of any kind for days at a time. These are catarrhal sufferers. Ely's Cream Balm has been used with the best results in such cases. The remedy will give instant relief.

## Cure For Headache.

As a remedy for all forms of headache Ely's Cream Balm has proved to be the very best. It effects a permanent cure, and the most dreaded habitual sick headache yields to its influence.
